sewing a chainstitch seam

- Stitch Width Selector: 1
- Needle Position: C
- Stitch Length: 10 or 12 only
- Presser Foot: Straight Stitch, General Purpose, or Zipper Foot

STARTING AND CHAINING OFF
1. Be sure that throat plate is in REGULAR position, then turn hand wheel toward you to position needle in very edge of fabric. Lower presser foot.
2. Start the machine, and stitch to end of seam. Continue stitching beyond edge of fabric, making a chain from one to two inches long.
4. After chaining off, start a new line of stitching by raising the presser foot slightly and positioning the fabric in front of needle. Lower presser foot and stitch to end of seam.

RELEASING THE CHAIN FROM THE MACHINE
When you finish chainstitching, the chain can easily be removed from the machine.
1. Raise presser foot.
2. Hold end of chain with your left hand.
3. Turn hand wheel slowly toward you with your right hand until needle is all the way down in the needle hole.
4. Then turn hand wheel slowly away from you, pulling gently on chain, which will unravel as needle rises.
